

The 50th Annual Meeting of TWSRT and the International Conference of Medical Imaging

<Call for papers and submission guidelines>

Congress Theme: Towards New Horizons - Challenges for Radiological Technology for the Next 50 Years

Organizer: Taiwan Society of Radiological Technologists (TWSRT)

Conference Host: Yuanpei University of Medical Technology, Hsinchu, Taiwan

Dates: March 25-26, 2017

Venue: Yuanpei University (No. 306, Yuanpei Street, Hsinchu, Taiwan)

1. Invitation

Papers are invited on the subject of novel developments in radiation technology and Doctor-Patient Relationship etc, with respect to routine diagnostic radiography, special imaging techniques (angiography, ultrasound and computed tomography), magnetic resonance imaging, medical imaging processing and quality assurance, radiation safety and doctor-patient relationship, radiation therapy, nuclear medicine imaging, assessment of clinical education on radiologist, non-ionizing radiation imaging, medical image facilities and other related topics are encouraged. Review the list of suggested topics to verify that your research aligns with the goals of this conference.

2. Submission Guidelines

This conference is an international conference; papers should be published mainly in English. 350 original researches and articles are expected to be accepted for presentations (100 for oral presentations and 250 for poster presentations) at annual meeting. Please refer to the submission guideline from website (<http://www.twsrt.org.tw/>) to prepare your manuscript. For any further questions, please contact the symposium committee (e-mail: hwtypu@mail.ypu.edu.tw).

1. Most oral presentation slots in the main symposium sessions are 10 minutes in length (which includes presentation and discussion). Please plan on preparing a **7** minute oral presentation.
2. Poster boards are **3 feet wide and 4 feet tall** (portrait orientation). Pushpins will be provided for affixing materials to poster boards.

3. Submission Procedures

All abstracts must be submitted electronically by 10 January 2017. The abstract must describe the original, previously unpublished work. Works previously published elsewhere in the full scientific

paper will not be accepted. Individual presenters can only submit up to two submissions.

Paper Submission: E-MAIL: service@twsrc.org.tw

4. Format and Notification

Please kindly refer to the link below to prepare your abstract in a correct format. Abstract standard template is available and can be downloaded from the Conference Website ([http://www.twsrc.org.tw/meeting/social.asp?r1=H/Abstracts/Submission Tips](http://www.twsrc.org.tw/meeting/social.asp?r1=H/Abstracts/Submission%20Tips)).

- All abstracts are to be submitted no later than the deadline of January 10, 2017.
- Abstracts must not exceed 250 words and should be structured into a standard template.
- Notifications of acceptance and detailed guidelines for oral and poster presentations will be available by February 10, 2017.

※ All sessions held on March 25 and 26, 2017 will be arranged by the conference committee.

5. Submission qualification

The abstracts accepted to the symposium will appear in an abstract book available to all registered attendees. This meeting is for the symposium member (Taiwan Society of Radiological Technologists (TWSRT); non-members is subject to a registration fee (150 USD / 2 days as to foreign attendees)
